

**CHRISTOPHER PRENDERGAST**, CEO & Founder, [Jamstack](#)

[CBC Dragon Den pitch by Christopher Prendergast](#)

With a background in Engineering and Education, Chris founded Jamstack in 2017 because he was personally frustrated with the process of playing the electric guitar. After acquiring almost a million dollars in pre-orders, Chris is shipping out his innovative guitar amplifier in November 2018 and will be launching in North America this Christmas.
