

Ben Hum

Chair of the ACCE Young Entrepreneur Committee

An award winning serial entrepreneur and IT professional, Ben is no stranger to the startup world having been involved with a number of early stage companies and organizations. With the last 25 years being involved in the technology space, his current roles include Cofounder at ReactForge Inc. and Board Member at AR Medical Technologies. Fostering a new generation of entrepreneurial and community leaders, Ben serves as York Region Chapter President at Keiretsu Forum Canada, Toronto Chapter President at the North American Association of Asian Professionals and Chair of the Young Entrepreneurs Group at the Association of Chinese Canadian Entrepreneurs. An invaluable advisor by some and a leadership chiropractor to others, no matter how Ben is described, clients and partners regularly welcome the impact and benefits that result from their work together.
